RE: Public Request/ Choose Life Plates

Dear Daniel Stevens,

In response to your April 24, 2018 public records request, the Arizona Department of Transportation ("ADOT") provides the following responsive records:

REQUEST: 1) Copies of all solicitations, agreements, invoices, or other contractual materials pertaining to the "Choose Life" specialty license plate offered by ADOT in conjunction with the Arizona Life Coalition ("ALC"), including copies of any agreements between the ALC and ADOT regarding the plate; and 2) All communications, meeting notices, meeting agendas, informational materials, talking points, or other materials received by ADOT from/to or exchanged between ADOT and the ALC regarding the plate, including any discussion or communications related to the portion of fee collected by ADOT from motorists who opt to pay for this specialty plate, which proceeds are then passed on to the ALC.

RESPONSE: 1) Email from JoAnn Griffin, dated 12/12/13 @ 8:42 AM, Subject: ServiceArizona Screenshots - RE Choose Life License Plate Inquiry; and 2) Email from Nicole Merkl, dated 4/1/16 @ 1:26 PM, Subject: RE: Choose Life Plates - Updated Numbers.

Due to the limited number of responsive pages, we have not included an invoice for the costs incurred with this request. However, please be advised that there are normally costs associated with public records requests by statute and our waiver of costs does not waive costs of any future requests.

The above are responsive to the best of our information and concludes our response.

Sincerely,

Sarah Greener

Custodian of Records
